Dear Sifus, Students, and Parents,

This year's Golden Monkey Kung Fu Summer Camp will be on July 22-24, 2016. Please mark your calendars and don't miss this opportunity to advance your martial skills. Grand Master Marr will teach Paul Kuen, an advanced My Jhong Law Horn form. It can be translated as "Cannon Fist", "Robe Fist", or "Leopard Fist" and consists of many trapping hand techniques and sand scraping steps. The form uses the My Jhong principle of suddenly up, suddenly sink down, attack and retreat in a Lost Track manner. Some Black Belt students may already know this form from me, but remember, Grand Master Marr and I see different angles on forms so if you already have my point of view, I am sure adding Grand Master Marr's perspective will help your form be closer to Grand Master Yeh's original teaching. I will teach the applications of the famous Six Coordination Long Spear. You will learn approximately twenty-six fighting combinations for spear sparring. Many famous Kung Fu masters had this powerful fighting skill as part of their arsenal, like our own Great Grand Master Yeh, Grand Master Lee's Pa Kua Grand Master Fu, as well as many other Tai Chi and Ba Ji Grand Masters who increased their internal discharging force with the skill of big spear fighting. One Tai Chi Grand Master told his students, "forms practice every day, big spear never leave your hand, brothers meet and practice push hands first". So, the long spear skill is extremely important in our journey to master kung fu. Therefore, I will share this teaching with you. See you all in camp.

Sincerely,

Grand Master Lee
